

August Pfitzner - Resume

Kalinga, QLD | 0429984167 | gus@pfitzneraccounts.com | DOB – 02/03/2001 (23)

Summary

I am a Mechanical Engineering Graduate deeply passionate about Mechanical Engineering, Aviation and New Technology that wants to make a meaningful difference. Joining your company will help me fully recognize my values, giving me an opportunity to develop my learning and understanding of an industry that creates sustainable, smart and more connected solutions through dedication, persistence and creative thinking. It's more than a career choice; it's a path to enrich not only my own life but also contribute positively to our community. My dream is to blend my passion for Engineering and technology with the skills and experiences gained through your company, pushing me towards a future where I can genuinely use a heartfelt aspiration to excel, contribute, and ultimately, fulfill my passions.
